

DUBAI VENTURES GROUP

Dubai Ventures Group

Abdulhakeem Kamkar, CEO

Dubai Ventures Group is the global financial investor for Dubai Group with a focus on emerging markets.

Through investments in both public and private equities, Dubai Ventures Group thrives to deliver superior long term absolute returns for its shareholders. The investments range from trading public equities to buying opportunistic stakes in public/private equity space, from Greenfield investments to controlling stakes in companies and from investing strategically in funds to selectively investing in real estate.

Sizeable investments are made into businesses that demonstrate higher value and growth as well as outstanding management. The company operates under best practice corporate governance, compliance and risk management. The management team is multidisciplinary and has a broad and unique global experience.

Dubai Ventures Group has offices in Dubai, Kuala Lumpur and Hong Kong.

Its current investment portfolio includes:

- 10% stake Sun Hung Kai Financial (Hong Kong)
- 51% stake in KOP Capital (Singapore)
- 51% stake in Acacia (Bahrain)
- 40% stake in Chiranjeevi Wind Energy (India)
- 40% stake in Time Broadband Services (India)
- 45% stake in Emirates Cement (UAE)
- 42% stake in EIT (a joint venture with TECOM)
 - EIT's portfolio includes:
